

Colonel Richard B. Leibert

ProSidian Consulting Advisory Board

info@ProSidian.com | The Woodlands, TX 77381

Relevant Experience (39 years)

Colonel Richard B. Leibert is a partner with Sutton Ventures Group, LLC in Houston, Texas. He focuses on international power generation, asset management & operations and oil/gas field services. Richard is responsible for the development of new business and management & operations of current businesses within the Sutton Group portfolio. Minority owner of Consolidated Asset Management Services, NeoElectra Spain, Cinco Pipe and Supply Company, High Point Energy and Mayflower E&P Company. Prior to joining Sutton Ventures, Richard served as Director, Business Development for Lockheed Martin Corporation for the Product Development division of Lockheed Martin in Dallas.

Responsibilities included the development of strategic direction for future product lines and services and the enhancement of existing products. These products included advanced technology radars, unmanned air/ground vehicles, electromagnetic weapons systems, magnetic levitation transportation systems and cooling & heating systems for the U.S. Space Station Program. In addition, Richard supervised a work force that conducted market analysis and managed client interaction and sales related activities.

Colonel Leibert spent five (5) years at Enron Corporation as Vice President, Enron Energy Services and Enron International. As a vice president with one of the world's leading energy corporations he served as the chief operating officer of an energy service company and as the chief of staff of an international energy development company. His experiences included project development, risk management, Profit & Loss responsibility, customer satisfaction, diverse workforce training, human resources and operations.

Prior to joining the private sector, Richard Leibert served twenty five (25) years as a career officer and Colonel in the United States Army. Assignments included command positions with armored and armored reconnaissance units and project management of material development programs such as the Abrams main battle tank and the Bradley fighting vehicle. Assignments also included various staff positions within a variety of headquarters organizations (Pentagon, TRADOC and Fifth US Corps). Richard Leibert retired from the military in 1997 at the rank of colonel.

Colonel Leibert holds a Bachelor of Science (BS) degree from the United States Military Academy, West Point, NY since 1972, a diploma from the United States Army Command and General Staff College, Fort Leavenworth, KS 1983 as well as United States Army War College, Carlisle, PA 1994 Boston University, MA 1988. When not working, Richard Leibert does volunteer work for local civic and faith based organizations. He enjoys spending time with family and supporting emerging entrepreneurs.
